(The Law of Cosines for Acute Angle)

# The Law of Cosines for Acute Angle

## The Law of Cosines for Acute Angle

## The Law of Cosines for Acute Angle

## The Law of Cosines for Acute Angle

## The Law of Cosines for Acute Angle

## The Law of Cosines for Acute Angle

$$a = \overline{BD} + \overline{CD}$$

## The Law of Cosines for Acute Angle

$$a = \overline{BD} + \overline{CD} = c \cos B$$

## The Law of Cosines for Acute Angle

$$a = \overline{BD} + \overline{CD} = c \cos B + b \cos C$$

## The Law of Cosines for Acute Angle

$$a = \overline{BD} + \overline{CD} = c \cos B + b \cos C$$

$$\therefore a = c \cos B + b \cos C$$
